## SIZE CHART

How to measure your body for size

## NECK

Measure around your neck at the point where a shirt collar band encircles the neck

## CHEST

Place tape measure up under arms and measure the fullest part of the chest, keeping tape parallel to the floor.

## WAIST

Tape measure should be straight around waist where pant waistband normally sits.

## SLEEVE

With elbow bent, measure from the
center of the back at the base of the neck, across the shoulder to the elbow and then down to the wrist.

TAILORED FIT STYLES
Cut trimmer in the sleeves and body.
